HEROES HOME TONIGHT; EXPECTED HERE 10:15

Forty or Forty-Five Old Alexandria Light Infantry Boys, Who Served Overseas, Scheduled Home.

BIG DEMONSTRATION PLANNED

Bells and Whistles of The City Will Let Loose Upon Arrival of Conquering Heroes—All Alexandria Will Take Part in Festivities Planned For Soldiers—King Street Will be Ablaze With Red Fire—Bands Will Play and There Will be a Hot Time in the Old Town.

Alexandria's soldiers who served with marked distinction overseas, numbering between forty and forty-five, will arrive in Alexandria at 10:15 o'clock tonight.

A telegram announcing their coming tonight was received here early this afternoon from Major Randall Caton.

Although Alexandria held a premature celebration last night she is going stronger tonight to pay homage and honor to her returning warriors. The city will be wide open. Every bell and whistle in the city will turn lose and automobiles in great numbers will turn out with flags and banners and the honk honk of their horns will add to the din to welcome the heroes.

All Alexandria will be out at the Union railway station to greet the soldiers and King street is all dressed up in holiday appearance for the demonstration.

Festoons of flags from one end of King street to the other adorn the cross wires of the trolley line.

Mothers, fathers, wives and sweethearts of the returning soldiers will be on hand with the big crowd at the railway station to greet the boys when they detrain.

Several bands of music from the big carnival and other local bands and the fire apparatus will also be along and noise making the like of which the old city never before heard is going to be put into operation. Fireworks will be in order and red lights in profusion as the victorious army of Alexandria boys once more marched down old King street as they marched up more than a year ago on the first lap of their journey to France.

Telegram from Major J. Randall Caton, who was designated by the Welcome Home Committe to at once proceed to Richmond, to report at once when the men were expected received at 12:10 o'clock this afternoon is as follows:

"From present prospects forty or forty-five Alexandria men will be discharged today and now expect to leave on the Seaboard Air Line train, leaving Petersburg at 6 p. m. Should arrive in Alexandria about 10:15 p. m. I will telegraph or telephone you between 4 and 6 p. m., today letting you know how many men and exactly the train they are taking. (Signed) J. Randall Caton.

Premature Celebration

Alexandria held a premature celebration last night shortly after 10 o'clock. For fifteen minutes the bells and whistles of the city cut loose and Alexandria was out to welcome the returning soldier boys. Noise was to be heard in every section of the city. Mothers, fathers, brothers, wives and sweethearts in great numbers together with thousands of others who desired to pay their respects to the boys who helped win the war were on hand at the Union station.

However, when the train pulled in at 11:30 o'clock the crowd discovered to their keen disappointment that the soldiers were not aboard. Soon some persons in the crowd got into communication with Richmond and it was ascertained that the Alexandria soldiers would not arrive last night, but the message received over the wire was to the effect that they probably would arrive tonight.

Plans For Tonight

Now that the time is set for their arrival and ample time is had for the plans, the reception will even be far greater than the one planned last night. Despite the fact that Alexandria enjoyed a premature celebration it cannot be denied that every participant enjoyed every minute of the fun, although many persons who did not go out to take part in the joyous welcome to be given the heroes were unable to sleep.

Persons who rest is disturbed by noise will have trouble in sleeping tonight if they retire early for Alexandria has certainly planned a great big celebration to the heroes.

This will only mark the beginning of the celebrations planned in honor of the returning soldeirs.

The Welcome Home Committee is going to have a week's celebration in honor of all of the Alexandria soldiers who did their bit in the great war. This is scheduled to be held the second week in June.

In this connection it also is planned to have a permanent memorial. This, however, will be determined upon later.

Already the plans for the big demonstration to be held in June are well under way. Alexandria in common with other cities in the United States proposes to pay a fitting homage to the honor of her returning soldiers who did their bit overseas and when Alexandria starts anything of this kind it always does it in bangup shape,

Alexandria wants to raise a total of $10,000 for the big event in June. A part of this fund, however, will be used in connection with the permanent memorial planned for the soldiers.

Old A. L. I., to Take Part

Every former member of the old Alexandria Light Infantry is requested by Dr. Capt. T. B. Cochran to meet not later than 9:30 o'clock tonight in the rooms of the Chamber of Commerce for the purpose of marching out to the railway station to meet the returning soldiers.

It is hoped that every former member will be on hand to pay honor to the returning soldiers.

CHARTERS GRANTED

The State Corporation Commission has issued a charter to the Marine Railway and Terminal Corporation, Alexandria, Va.—Capital—maximum, $10,000; minimum, $1,000. Officers—Edward A. TURKEY TRIES TO DODGE ATROCITIES

Lausanne, Switzerland, May 27,—The present Turkish government is trying to "whitewash" itself before the rest of the world in regard to Armenian atrocities, blaming the revolting massacres upon the old regime says the Gazette.

A secret letter written by former Grand Vizier Talaat Pasha has been published in Constantinople newspapers proclaiming the extermination of the Armenians.

"I assure all moral responsibility," wrote Talaat Pasha.

NOTICE

I will not be responsible for any debts contracted by anyone other than myself.

FIRE TODAY

House on N. Washington Street Extended Destroyed

Fire shortly after 2 o'clock this afternoon destroyed a frame dwelling house on North Washington street extended. The adjoining houses was considerably damaged and several fences and outbuildings also were destroyed.

The fire department responded and Motor Engine No. 1, went to work and saved the adjoining property.

When the motor engine left its house on Prince street a number of small boys went into the house and continued to ring the bell long after the fire apparatus was on the scene. The urchins finally were driven off by a citizen.

WILL BE HOST TO SOLDIERS

Management of Hotel Southland Makes Offer for Banquet to Men Who Served Overseas.

During the home coming week planned for the soldiers Messrs. Groene and Neuland, proprietors of the New Southland Hotel and Cafe, will tender a banquet to all of the Alexandria boys who have served overseas.

This offer of the genial hotel proprietors was made today through the Gazette. Messrs. Greene and Neuland are the first in the city to make an offer for such an affair. Any night that may be decided upon by the committee in charge of the Welcome Home plans and the returning soldiers the proprietors announce will be satisfactory to them. This is doubtless one of many forms of entertainment planned in honor of the returning soldiers.

WANT CHANGE OF ASSESSMENT

Special Committee of Chamber of Commerce Recommends New Plan

The monthly meeting of the Civic Bureau of the Alexandria Chamber of Comerce, was held last night.

The special committee, through exhibits showed the inequalities of assessments, using large drawings, giving locations and figures taken from the official records. These inequalities it was contended resulted from failure to have an established basis for assessing property. The committee recommended a square footage relative valuation upon real-estate, and upon motion the committee will undertake to formulate and present to the Chamber of Commerce the best systematic method for assessing the improvements, this to follow after the value of the real-estate has been established. The increasing need of revenue to meet the wants of the municipality, is just cause for a systematic method to place the burden of taxation equitably.

The service given by the Telephone Company was generally discussed.

AGAIN ON THE WING

Weather is Perfect as Aero Starts on Last Leg

Ponta Delgada, Azores, May 27.—The NC-4 took the air bound for Lisbon at 10:30 a . m., Greenwich time today.

Lieut. Commander Read and her original crew were in the great seaplane's cockpit when she began the final leg of her flight to the European mainland.

A tremendous cheer went up from the crowds on the shore when the NC-4 taxied to the jump-off and left the water.

Guns boomed on the shore and bells were rung.

Weather conditions were excellent. The sky was cloud-flecked and a favorable breeze prevailed.

Reports from destroyers stationed between Ponta Delgada and Lisbon indicated perfect weather conditions all along the route.

The start was made after Read and his crew had thoroughly overhauled the engine for more than an hour.

SEEK EXTENSION

Paris, May 27.—The French Government has received from the German peace delegation the assurance that it will ask no further extension of time for consideration of the peace terms.

The extension granted last week expires Thursday.

LIGHT VOTE POLLED IN ELECTION TODAY

Only 300 Votes Cast Up to 3 O'clock This Afternoon

POLLS CLOSE AT 8.25

Election is to Select Candidate for Congress to Represent Eighth District.

An unusually light vote is being polled here today in the special election to select a Congressman to represent the Eighth District to fill the vcancy caused by the resignation of Representative Charles C. Carlin.

One who hardly realize that an election was in progress were not it for the fact that the voting booths have been placed on the sidewalk in front of the four different places where the voting is in progress.

Unless there is a good sized vote pulled after 6 o'clock this evening, the vote cast in today's election will be the smallest ever before polled in a congressional election in this city. The polls will close at 8:25 o'clock and it is expected that many persons will wait until after supper before voting.

The indications are that R. Walton Moore, democratic nominee of Fairfax county, will prove an easy winner over his opponent, Dr. F. M. Brooks, also of Fairfax county, who is the republican nominee.

At 3 o'clock this afternoon 296 votes had been cast in the election as follows:

First ward, 90; Second ward, 96; Third ward, 109; Fourth ward, 91.

The total voting strength here is about 1,200. It is not believed that more than 600 votes will be polled when the polls close at 8.25 o'clock this evening. Many persons who had not qualified were disappointed today when they went to the polls and found it out.

WOMAN HELD AFTER DEATH OF PASTOR

Pittsburgh, Pa., May 27.—Mrs. Ella Holson, of Kansas City, is being held by the police today under a technical charge of being a suspicious person following investigation into the death of the Rev. W. T. Trippett forty-eight, of Fort Worth, Tex.

Tippett died suddenly Sunday in a downtown hotel of chronic enlargement of the heart.

According to the police, Trippett and the woman came here Saturday afternoon from Kansas City and registered.

Mrs. Trippett is on her way here from Fort Worth, according to a telegram received from Fort Worth by the police, asking that Mrs. Holson be held.

The police say they found a check for $600, which the woman is alleged to have said Tippett gave her, and $110. She is also alleged to have had his watch.

Mrs. Holson, the police declare had in her possession a will, ostensibly signed by Tippett, leaving her half of his estate.

The police say papers were found on Tippett showing he was vice president of the Interstate Drilling Association of Artesia, N. M., an oil organization.

MARRIED SATURDAY

Miss Agnes E. Hayden Bride of William Manger.

A quite but pretty wedding was solemnized at 9 o'clock Saturday morning at St. Mary's Catholic Church when Miss Agnes Elizabeth Hayden became the bride of Mr. George Albert Manger, both of this city.

Miss Lena Moore, a cousin of the bride was bridesmaid and Mr. William Manger, brother of the groom, was best man. The ceremony was performed by Rev. L. F. Kelly with a nuptial mass.

The bride wore an attractive blue traveling suit with hat to match and the bridesmaid wore a pretty suit of gray with hat to match and carried a boquet of Ophelia roses.

Following the ceremony Mr. and Mrs. Manger entrained in Washington for an extended bridal trip to Montreal, Canada. Upon their return they will reside here.

The bridegroom holds a responsible position at the Potomac Railroad yards.

SCOTTISH RITE MASONS

Degree Work Started Last Night Will End Thursday With Thirty-Second Degree

Washington Memorial Lodge of Perfection, No. 7, Scottish Rite Masons, at a special meeting held last night, conferred the fifth and fourteenth degrees upon a class of twenty-three candidates.

Tonight the fifteenth to twenty-first degrees will be conferred, and it is expected that the class will be much larger.

Tomorrow night the thirtieth and thirty-first degrees will be conferred and the thirty-second degree will be conferred Tuesday night. All visiting Scottish Rite Masons are invited to attend.

CRENSHAW AGAIN ON TRIAL

Richmond Young Man Faces Third Jury on Arson Charge at Charlottesville.

Charlottesville, Va., May 27.— Indicted over two years ago on two charges, the first for the burning of the chemical laboratory at the University of Virginia, and the second for the larceny of a lot of platinum there from prior to the fire, S. Dabney Crenshaw IV., of Richmond, former chemistry student and popular in fraternity and social circles at the State University, yesterday, in Circuit Court faced a third jury, who will pass between him and the Commonwealth on the charge of arson.

Yesterday afternoon's proceedings were taken up with the presentation by the Commonwealth of evidence going to establish Crenshaw's guilt. This consisted of proving, by Sheriff Thomas, the young student's confession at previous trials, that he burned the building, and the prof of the value of same and the contents thereof by Professor Francis P. Dunnington.

Crenshaw was first tried at the November term, 1917, on the charge of larceny of platinum, valued at $2,000. and the jury failed to agree. In May of last year he was put on trial on the burning charge, and again a disagreement resulted.

TAKE BODY TO ENGLAND

Burial Will be Made There of Captain Charles Fryatt, Slain by Germans.

London, May 27.—The body of Captain Charles Fryatt, the British merchant marine officer executed by the Germans in 1916 will be brought to England and given a burial similar to that of Miss Edith Cavell. This was announced in the House of Commons yesterday by Andrew Bonar Law, government spokesman.

ATTENTION

Mothers, fathers, or wives of our returning soldiers you are to have the place of honor in the plans to greet our boys. If you did not get your notice of the meeting be at the Chamber of Commerce without fail, Thursday, May 29, 1919, 7 p. m.

CARD

The committee in charge of the Welcoming Home Celebration for the heroes of Alexandria, most sincerely regret the premature sounding of the signal for the welcome which awaits the boys in the, hearts of all Alexandrians, yet the response last night thrilled every heart and the great disappointment caused the Executive Committee to meet at the Union Station and arrange for sure information. A messenger is now at Camp Lee and he will secure definite information and immediately, upon advice from him, notice of the arrival of the Alexandrians will be posted on the corner of King and Washington streets and published in the Gazette. Thirty minutes before their arrival the whistles will be blown and the bells rung, then let every one turn out to welcome home the heroes.

CARDINALS VICTORIOUS

Defeat Federals of D. C., by Score of 4 to 2.

The Cardinal Athletic Club baseball team defeated the Federal Athletic Club of Washington, in an interesting and well-played game on the High School diamond yesterday by score of 4 to 2. "Big Jim" Sweeney pitched for the winners and four hits were made off his delivery and he was ably supported by Langford behind the bat.

"Soldier Boy" George Allensworth who recently arrived from France played a fine game at shortstop and made two hits.

Dreifus first base, Payne, second base Devers, third base; McDonald, right field; Williams, left field, and Frank Owens, center field, all played their positions in big league style.

"Lefty" Fisher was on the firing line for the Federals, and had steam enough to run a steamship, but his cronies failed to hit the ball when hits meant runs. All the lads on the Federals are good ball players and are sure to make trouble for their opponents before the curtain falls on the 1919 baseball season.

The Cardinals line up will be improved when First sacker "Dough" Merchant now soldering in France, arrives home in the near future.

Next Sunday, June 1, the Cardinals will play the Coast Artillery Corps team, stationed in Washington, and a good game should be witnessed by by the fans. Many good games will be booked during the season if the fans aid in defraying the necessary expense incident to the game. None of the Cardinals players are paid but strive to entertain baseball lovers to the best of their skill and it does not seem just to make the players "dig in their jeans" to make both ends meet.

SHIP HAS BREAKDOWN

New Jersey, With Troops Aboard Puts Into Ponta Delgada.

Ponta Delgada, May 27.—The United States battleship New Jersey which sailed from Brest on May 20 with troops aboard, put in here yesterday because of engine trouble.

It is not expected that the battleship will be delayed for any length of time, as the engine trouble is announced to be not serious.

The New Jersey, together with the Rotterdam, Finland and Mobile, left Brest May 20 carrying more than 20,000 troops. This completed the embargation of the Eightieth Division. It is possible that some of the Thirty-sixth Division are aboard these ships.

The Eightieth Division consists of men from Virginia, West Virginia and Pennsylvania; the Thirty-sixth is composed of Texas and Oklahoma troops.

CLEVELAND CHICAGO AIR RECORD BROKEN

Liberty Rebekah Lodge, No. 16, I. O. O. S. will meet this evening at 8 o'clock at Odd Felows' Hall.

Dr. A. T. Young, who has been in Chicago for some time past, has returned to his home in this city.

A marriage license was issued in Washington yesterday to William Wanzer and Ida N. C. Dall, both of Alexandria.

Mrs. Mary E. Currier has received word that her son, Private Henry D. Currier, of the 115th Infantry, has arrived safely from overseas, and is now at Newport News.

Mrs. A. J. Ross has returned home after a visit to Roanoke, and Pulaski, Va., and Bluefield, W. Va. Her niece, Miss Nannie Mae Goodwin, of Lafayette, Va., accompanied her home.

Don't forget to go to the polls before they close tonight at 8:25 o'clock and support the democratic nominee for Congress the Hon. R. Walton Moore.

Mrs. M. J. Angevine has gone to New York to visit her husband, Sergt. Angevine who is expetted to arrive shortly from overseas where he has spent the past nineteen months.

Both branches of the city council will meet tonight. The board of aldermen at this meeting will take up the new license law bill which was adopted at a recent meeting of the common council.

St. Mary's Dramatic Club will produce a play caled "The Jonah," in three acts in the Lyceum Hall June 3 and 4. This is a bright laughable comedy and the caste being a good one, assures a successful presentation.

T. C. Morrison, formerly a member of Motor Truck Company 443, Q. M. C., which company was stationed at Camp Humphreys prior to going overseas, has returned to Washington and is now located at 1659 Hobart Street that city.

The funeral of John F. Buckley took place today from Wheatley's mortuary chapel. Services were conducted by Rev. Dr. E. V. Regester, pastor of the M. E. Church South. Members of Andrew Jackson Lodge of Masons attended.

The Doughnut Committee of the Salvation Army Drive are planning a dance to be given within the next week. The date has not been decided on as they are awaiting the return of the A. L. I., whose members and all men in uniform will be guests of the committee for the evening. There will be no tickets but a general admission of 50 cents.

HUSBAND BEWITCHED HER

Woman in Suit Blames Failing Health on Spouse's "Spells."

Reading, Pa., May 27.—Alleging that her husband, George W. Bickel, tried "hexered" on her, with the result that she lost her health, Mrs. Sarah Bickel made an application to Judge George W. Wagner for a support order in court here. He was directed to pay her $7 a week.

Bickel would not share the same table or bed with his wife, she testified, and used the "spells" in the seventh book of Moses, so called, to get the "spirits" after her. The seventh book of Moses is the official inside dope for wizards and witches in Berke county and contains a lot of weird recipes to accomplish results in an occult manner.

A LITTLE TOO PREVIOUS

The blast of whistles at a late hour last night was supposed to announce the return of the young Alexandrians, members of the Alexandria Light Infantry, who left this city for France after the United States declared war on Germany. It had been announced, and was generally believed, that anxious relatives would clasp their dear ones to their breasts before the hour of midnight. It had also been stated that while the train would be rushing north the whistles would sound to announce that the space between the Alexandrians and their home city was being lessened all the time and would soon roll into the Union passenger station.

Toward the close of the day there was a large turnout of citizens, headed by a brass band, which marched from Fairfax street to King, thence to the head of King street.

There was joy in the air as the people of our city supposed that the noble ones who had faced the Huns upon the plains of Picardy and vied with the other allies in defeating them were about to return to the city of their birth.

But a cruel disappointment was acut to be cast upon the anxious ones. The whistles sounded amid great commotion everywhere, but the young men were still far away from their native heath and were no where in sight when morning broke.

Let us be thankful that they are living and eventually will be mingling with us again. Washington, Baltimore and other cities, after having been fired with enthusiasm by the prospects for the early return of their young men, have been compelled to wait. Alexandria must do the same.

There is a well-known war song of today entitled, "They Will Come Back, and the Whole World is Waiting for You." It is often heard in the native homes o fthose way away, its notes being wafted by talking machines. Let us have patience. That pathetic air will soon crystalize into a joyous reality.

EFFECTIVE EMULATION

In an Indiana city, not lon gago, a woman evangelist held a revival meeting. She took no collections while the services were in progress, but on the final night she announced that a free-will offering would be in order. Interest in the meeting had been growing and the church was crowded to capacity. The ushers, with contribution plates, started on their rounds. The evangelist said she had instructed them to say "Amen" whenever 25 cents was dropped into the plate; when 50 cents the usher was to say, "Hallelujah," and when $1 the usher was to say, "Glory Hallelujah!" in a loud tone. The collection amounted to $1100.

The Indianapolis News in recording this incident says "if there had been emulation the total might have been small, but the evangelist knew that no person with money to give would be content with an 'Amen' when a neighbor, sitting in the next pew, was acclaimed with a 'Glory Hallelujah!' The same principle holds good in everyday life. If one man has a fine vegetable garden it is an incentive to his neighbors. The interest women have in pretty frocks is largely due to somebody getting one and making the others deside something equally becoming. Men would care little for position if it were not for the afe-old lure that makes them want a better job than the other fellow. Without such emulation there would be nothing to drag men and women away from the commonplace things of life."

THE TRAGEDY OF 1871

The courage and tenacity of the Germans in war commanded a certain amount of respect. Their whines and squeals for consideration which they never gave a conquered enemy earn contempt in peace. Mme. Juliete Adtam has been recalling the events of 48 years ago. She was not the armistice conferenee, but she had Thiers' decription of the tragedy at the time. On one side of the table sat Jules Favre and Thiers.

"Towering opposite, huge and square, was the terrible figure of Bismarck, his brutal, diabolical mask now arrogant, now scornful, crushing down that little man (Thiers) with sneering and pitiless insults. He, too, constantly invoked our old god, yes, the cruel German god Thor, reveling in blood and death. But was it possible to soften this brutal conqueror, this Image of Germany? 'What if France disappeared like Carthage?' Bismarck said. No, nothing can tell what the walls of that old house in Versailles heard or the tortures inflicted on the French delegates. They were given 48 hours to consider the preliminaries, and no more; and they had to sign, with the knife to their throats, that peace of hatred and vengeance."

Anw now the Germans protest that the Allies and America are forcing on them a peace of hatred and vengeance. The Philadelphia Record asks, "Why not? Why should Germany have better terms than it granted to a conquered enemy? Why should Germany conquered claim a mercy that it never showed when it was victorious??

"The German people clamor for mercy on the ground that it was not in control of their own Government then. They want a negotiated peace, though they dictated peace to France, and all through the great war delighted themselves by talking of the appalling terms they were going to force upon the prostrate Allies.

"As Clemenceau said to the German commissioners: 'The time has come when we must settle our accounts. The German debt is heavy, but justice is inexorable.' The debt has been accummulating interest for 48 years.

POWER FOR THE AUTOCRAT

We have it on the very best Republican authority that President Wilson is an autocrat, wielding more power than any crowned head in Europe, imposing his arbitrary will upon the people and usurping the functions that properly belong to Congress. We have heard this complaint on the lips of at least a score of blatherskite orators and seen it in the columns of most of the leading Republican organs.

Congress is in session. The President, in the exercise of his constitutional duties, has recommended it to repeal or modify the war-time prohibition act in its application to wine and beer. The Republicans, who control Congress, are reported to be afraid to act upon his advice. No question of right or wrong is involved in their minds, but only the question of partisan advantage. So instead of repealing or refusing to repeal the war-time prohibition act, they propose to confer upon the President the authority to settle the fate of wine and beer by Executive order.

More power to the autocrat! But not very consistent with the howls with which the Republicans have been trying to stir up popular feeling against the man they hate for his ability and his achievements.—(Philadelphia Record.)

GERMANS WILL SIGN

The belief that the representatives now acting for Germany will sign the treaty is based not only on knowledge of the solid actualities of the situation, but on acquaintance with German diplomats of the Brockdorff-Rantzau school who are in charge of the German side of the negotiations.

As the New York Tribune says, "So far they have acted normally. Their course has been as expected. They have protested, but this was to be anticipated. No matter what had been the terms, it was inevitale they would say they were hard and bad and violative of the fourteen points.

"But besides protesting they have argued, and although the arguments are not good, the fact that they are offered is significant. If there had been a firm resolution not to sign it is probable there would have been a brief refusal. A man whose mind is made up is not commonly inclined to waste words; a negotiation does not need elaboration.

"Now come reports from Berlin of popular demonstrations for peace. These may not have been as large as described, but if any have occurred they are calculated to impress a man like Scheidemann. The present German Government is an equivocating one, and an equivocator is seldom stubborn. In details, as to meeting any legitimate German demand, the minds of Clemenceau, Lloyd George, Orlando and President Wilson may be assumed to be open. They have the utmost desire to be fair and know the impossibility of realizing strict justice. If the Germans really want peace there is no impediment of pride in the way of face-saving changes."

(Communicated)

To the Editor of the Gazette:

May I ask through your columns that the member of council state publicly the object and the necessity for an extra tax on automobiles.

I am now required to pay for the street in front of my property; pay a yearly tax to the city and one to the state on my automobile; and to purchase a yearly license from the State, entitling me to operate it on any road or street belonging to the state. Is it legal for the city to tax the same property twice? Does not a state license give me the same right on an Alexandria street that it does the man living elsewhere in the State?

Perhaps this tax covers submarine privileges in using your machine en route to the High School on a rainy night.

DISABLED SOLDIERS TRAINED AS CLERKS

More than 1,200 disabled soldiers are being trained in bookkeeping clerical work, stenography and telegraphy, the Federal Board for Vocational Education announced yesterday.

Many of the men can secure positions after a short training and become self-supporting.

The board follows the policy of using existing schools wherever possible instead of establishing new schools as it is authorized to do by Congress.

To All Members of the Baraca Class

Mr. N. L. Williamson, teacher of the Baraca Class, will tender to the members and to the boys of the class who have been in service over there and have return home lately a banquet and entertainment to be held in the lecture room of the First Baptist Church, Tuesday, May 27, 1919, at 8 p. m.

The teacher is desirous of making this a great welcome to the members who have been in military service. Therefore all members are urgently requested to be present at this reception and your attendance will be appreciated by the teacher.

FEAST OF WEEKS

Will Fall This Year on Wednesday June 4.

Shabouth, the Feast of Weeks, falls this year on Wednesday, June 4. Originally a festival of the first fruits as enjoined in Deut. XVI: 9 "Seven weeks shalt thou number unto thee; from the time the sickle is first put to the standing corn shalt thou begin to number seven weeks. And thou shalt keep the feast of weeks unto the Lord they God after the measure of the free-will offering of thy hand which thou shalt give according as the Lord thy God, blesseth thee. And thou shalt rejoice before the Lord thy God, thou and thy son, and thy daughter, and they manservant and thy maid-servant, and the Levite that is within thy gates, and the stranger, and the fatherless and the widow, that are in the midst of thee, in the place which the Lord thy God shall choose to cause His name to dwell there. And thou shalt remember that thou wast a bondman in Egypt; and thou shalt observe and do these statutes."

In Biblical times the feast of weeks was merely a farmer's holiday at the end of the first seven weeks of harvest and its ceremonial, the simple agricultural offerings brought as a thanksgiving token for the new crop they gathered.

In common with other agricultural festivals the feast of weeks underwent a gradual transformation. As the Jewish people began to enjoy a historical consciousness, they linked traditional events with surviving festivals and institutions transmitted from a remoter ancestry. Through the intercession of Rabbinical Judaism, the Feast of Weeks was enlarged into a historical festival, in which the giving of the Decalogue was commemorated.

By this transfer a universal significance was attached to the festival in which the ripened fruits of the spirit were offered in praise and thanks, as an offering from the People of the Covenant. To this day the Ten Words are read in the synagogues and the pledge of loyalty made by the fathers of old to the covenant of Israel renewed by their sons in love and faithfulness.

Within the last century the Feast of Weeks obtained an added charm by introducing a confirmation ceremony in connection with observation. This ceremony was sponsored by the leaders of Reform Judaism, who made of it a feast of consecration of the Jewish youth, boys and girls, to the ancient covenant of their fathers. Yearly the children of the Religious Schools of our Reform congregations attest their loyalty to their ancestral faith, which is the intent and purpose of the confirmation service. This service does not exact from them any other confession than that of a belief in One(and in His Justice and Truth as manifested in history. The service also symbolizes a graduation from the religious school where boys and girls have been taught Biblical and Jewish History, Jewish Ethics, Hebrew, and Jewish literature.

BODY FOUND IN BAY

Victim of Steamer Virginia Disaster Is Unidentified.

Cape Charles, Va., May 27.—The body of an unidentified woman, a victim of the steamer Virginia fire of Friday night, was brought here yesterday afternoon, having been picked up off Occomnacio Creek, about 40 miles from the scene of the tragedy, by Capt. A. A. Crockett, of the schooner Twilight, of Tangier, Va. From appearances the woman had been dead from 24 to 36 hours before being picked up.

The victim appears about 30 years of age; weight about 150 pounds; dark hair, blue or gray eyes, dressed in heavy suit of black material with jacket lined with satin. The body was wrapped in a life preserver bearing the name of the steamer Virginia, Old Bay Line, Baltimore.

The body was at first thought to be that of Mrs Levy, of Newport News, Va., who is among those missing. The description corresponds, with the exception of being hunchback.

FINED FOR SELLING CIDER

PetersburgDealer Pay $100 and Loses His Stock.

Petersburg, Va., May 27.—In hustings court yesterday afternoon M. Baron, proprietor of Arlington Cafe and dealer in soft drinks, was convicted of selling cider containing more than 1 per cent of alcohol and was fined $100 and costs.

Several barrels of cider, alleged to have been found by the police in Baron's store and valued in the neighborhood of $300, were confiscated. The cider, it is said, was purchased in Baltimore.

Following the conviction of Baron, who paid the fine, Judge Mullen announced that all persons convicted in his court of selling cider containing a larger percentage of alcohol than the law allows would be severely dealt with. Some of the dealers will discontinue its sale altogether.

WILLING TO BE MODERATE

Final Counter Proposals to be Reasonable "as Possible," After Conference

Berlin, May 24. —(Delayed.)—Germany's final counter proposals to thet treaty will be this moderate as possible," it was officially stated here today, following return of the government representatives from Spa, where they conferred with Foreign Minister Brockdorff Rantzau.

The government delegation consisted of Chancellor Scheidemann, Count von Bernstorff, Mathias Erzberger and Dr. Dernburg.

"We want to show that Germany is going the limit to present suitable terms which can be signed," said one member of the official party.

The counter proposals, which were expected to be assembled in their final form at Versailles tonight, will demand plesbiscites in Germany's eastern and western territories, retention of a large portion of the German mercantile fleet and fixing of a lump sum of indemnities.

COUNCIL BACKS KOLCHAK

Decides to Give Conditional Recognition to Omsk Government.

Paris, May 27.—The Council of Four of the Peace Conference has decided conditionally to recognize the Admiral Kolchak and Gen. Denikine, according to Reuter's Agency here.

The conditions for the recognition are that, regarding the future of Russia, these governments agree to convoke and accept the verdict of a genuine constituent assembly; likewise that the league of nations covenant and its consequences as affecting the boundaries of the former empire are accepted.

The constituent assembly is to determine the future form of the government for Russia. The policy adopted, it is added, will enable the Allies to recognize and assist any force in Russia co-operating in the struggle against Soviet rule, because such recognition will be in force only until such time as the constituent assembly decides upon the permanent form of government. The regional governments will than expire automatically.

The Allies will not furnish Admiral Kolchak and General Denikine with troops, but will supply them with arms, munitions, money and food on a larger scale than hitherto. It is stipulated that there will be no interference with non-Russian states recently erected from old Russian territory.

Washington, May 27.—Withdrawal of the American forces from Archangel is actually under way, according to cable advices to the War Department yesterday which stated that all members of the Three Hundred and Thirty-ninth Infantry were awaiting evacuation.

The cablegram also said that the return of individual soldiers as casuals in accordance with a recent request of the department, would not expedite the discharge of such casuals since their units would arrive home before these individuals.

London, May 27.—Esthonian troops have captured the imporotoant railway junction of Pskov, between Riga and Petrograd, according to reports from Helsingfors.

STRIKE TRUCE DEFERRED

Postal and Telephone Employes in Winnipeg Refuse to Return to Work.

Winnipeg, May 27.—Hope for immediate settlement of the general strike disappeared here yesterday when postal and telephone workers refused to return to work. Their refusal came in the face of an ultimatum that dismissal was to be the alternative if they failed to report at their places by noon.

Strike leaders were advised Calgary workers had gone on strike, only public utilities employes remaining on the job.

Alderman Ernest Robinson, secretary of the strike committee of fifteen, said the fight now will be to a finish.

"We will tie up all Western Canada if necessary," Robinson said.

More than a thousand Winnipeg citizens of all classes sorted mail today. Despite long hours they failed to dispose of the great mass of letters and paper mail accumulated in more than a week.

If the postal workers do not return to their work, it was announced by Arthur Meighan, acting Minister of Justice, deliveries will be made by volunteers under guard. Other municipal and government work will be begun under similar conditions, it was stated.

Labor leaders hoped municipal and government employes would not capitulate. They claimed, however, that their yielding will not affect the other

The city, still quiet, was tense today, but the crisis was awaiting with hope.

The strike yesterday entered its eleventh day. With 35,000 workmen idle, not one of them has been arrested. A holiday calm pervades the city.

PERILOUS FEAT

Aviator Climbs From One Airplane to Another 25,000 Feet in Air

Atlantic City, N. J., May 27.—The most astounding feat in acrobats was accomplished here Saturday when Ex-Lieutenant Orme Locklear, former aviation instructor at Barron field, Texas, climbed from one aeroplane to another at an altitude of 2,500 feet. This was the stunt which Locklear failed to do Friday because of the wind, although the wind was worse Saturday he was determined to turn the trick or die.

Climbing out of the end of the wing of an Erickson biplane, he made a grab for a ladder of rope suspended from another biplane passing just overhead. He seized the last rung and climbed safely into the second machine.

U. S. WILL KEEP GERMAN SHIPS

Council of Four Reaches Full Understanding on Question of Allocation

President Wilson has informed officials here that the Council of Four at Paris has reached a full understanding by which the United States will retain the 700,000 tons of German shipping seized in American ports when this country entered the war.

Great Britain had proposed that this tonnage, as well as German ships seized in other countries, be placed in a common pool and allotted on the basis of tonnage lost through action of enemy submarines. The United States has steadfastly refused to accede to this plan.

Peels Off Corns Between Toes

The Great Corn Loosener of the Age. Never Fails. Painless.

A corn mashed, squeezed and crushed, all day long, in between two toes! You can try the desperate, "treat 'em rough" way and try to dig

"Two Drops of 'Gets-It',—That's All!"

it out and fail. Or, you can try the sensible, peaceful, painless, easy way and use "Gets-It." It's easy for "Gets-It" to remove corns in hard-to-get-at places. It's a liquid—a wonderful painless formula—it has never been successfully imitated. It settles on the corn, and dries immediately. Instead of digging out the corn, you peel it out painlessly. There's no sticky plaster that doesn't stay "put", no salve that irritates or rubs off. You reach the corn easily with the little glass rod in the cork of every "Gets-It" bottle. It does not hurt the true flesh. Try it, trot and smile! It's a blessing; never fails. "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. ARMISTICE SURRENDER

Germans Signed a Complete Capitulation as Result of Allies Victory

Paris, May 27.—General Debeney, who commanded the French First Army during the 1918 campaign, and who has just been made head of the French War College, insists that the word armistice as regards the action taken on November 11, is a misnomer, for what the Germans really signed was a complete capitulation as the result of the Allies' victory in the greatest battle in history.

"The truth is," he says, "that the capitulation of November 11 was the most frightful disaster that any army ever suffered. The German Army laid down its arms without the possibility of resuming hostilities. It surrendered its canon and airplanes, prisoners, its transports and material, its fortresses at Metz, Strassburg and Cologne and the territory on the left bank of the Rhine. In surrendering three bridges, insuring the passage of the Allies over this river, it surrendered the road to its arsenal, Essen, and its capital, Berlin.

"In comparison with this debacle what is a capitaulation like that of Sedan, where the conquered army numbered scarcely 80,000 men and after which the war continued for six months? Officers should explain this strictly modern battle of 1918 to their men, and they should look beyond their particular combats as a whole and show the grand result of the unexampled efforts made by each regiment in its particular zone. The men know that their duty was done at the price of excessive fatigue, difficulties and dangers. They should understand also that they have won the greatest battle in history."

RADIO FOR EVERY PERSON

Prophecy of Major General George A. Squier, Chief Signal Officer of Army

Philadelphia, May 27.—"The day is not far distant when the President, standing on the steps of the White House may be heard by every man, woman and child in the nation, personally, through means of the radio system."

This is the prophecy of Major-General George O. Squier, chief signal officer of the American Army, who explains that without the development of electrical communication, President Wilson would never have been able to exercise the functions of his office from abroad.

Colonel C. McK. Salzman, in accepting a medal awarded to General Squier by the Franklin Institute on Sunday read a letter from the General which contained the radio prophecy.

"The day is soon coming," the General said, "when any person in any part of the world can immediately get into oral communication with any other person in any other part of the world. Radio lighthouses, a thousand times more reliable than those of vision, are already in existence."

BRYAN ON LIQUOR ISSUE

"A Mother With a Drunken Son Knows More Than he Does," He Remarks.

Chicago, May 27.—Before a Prohibition throng of 5,000 William Jennings Bryan Sunday made these comments on President Wilson's attitude.

"I haven't any idea the war prohibition measure is going to be repealed I am sorry the President recommended to Congress the repeal, but this will not change the situation.

"When we elect a President he is the servant of the people," and when he tells us to do anything of which we do not approve it is our privilege to differ with him.

"The President doesn't know any more on the question of the saloon than other people do.

"On diplomatic matters we may assume the President knows more than ordinary persons, but on the question of the saloon a mother with a drunken son knows more than he does.

"Let a Republican Congress repeal the law if it dare. I don't believe it will.

"Amendments do not enforce laws. It takes additional law. Intoxication is not a matter of law, but of fact. If a man gets drunk he can't get sober by reading the law."

GREEK SOUGHT

Suspected of Incediarism, Causing Hopewell Tragedy

Richmond, Va., May 27.—Police of Hopewell, near here, are looking for an unidentified Greek who is believed to have guilty knowledge of the burning of a house early Sunday morning which caused the death of Corp. William B, Adams, Sixty-second Infantry, stationed at Camp Lee Elizabeth Burkett, and Grace Williams.

According to the theory of the police, the Greek was engaged to Rose Wood some time ago, but went away. He returned Saturday and found the girl had married Adams. He is said to have become enraged and demanded the return of his presents. When this was refused, he is said to have made threats. Police assert that the man was seen near the scene of the fire soon after its discovery, holding a conference with Antonio Iado and Patsy Penna, two other Greeks. The latter have been arrested and will be held for the coroner's inquest Monday Police also claim that there were indications kerosene had been scattered about.

TEXAS VOTES "DRY"

State Also Favors Woman Suffrage Returns Show

Dallas, Texas, May 27.—Complete returns from more than one-half of the State show that the voters of Texas in the election Saturday probably had adopted amendments to the State constitution to provide prohibition of the liquor traffic and to extend suffrage to women.

The vote was: For prohibition, 56,695; against prohibition, 47,142. For suffrage, 55,153; against suffrage 51,838.

Cause of Dr. Edwards' Dismissal From Rice Institute.

Houston, Tex., May 27.—Dr. Lyford P. Edwards, of the department of sociology of the Rice Institute here, was dismissed by the trustees because he "possesses certain views in respect to the political condition in Russia so contrary to the fundamental principles of our own Government as utterly to destroy his further usefulness."

COAL, LUMBER AND BUILDING MATERIALS

W. A. SMOOT & CO. INC.

Your Next Winter's Coal

We do not know what the price of coal will be next Fall and Winter, as the retail price is governed by the price at the mines and the freight.

Our understanding of the present program is that Anthracite coal will advance ten cents a ton a month from May 1st to September 1st, and although we think this program will probably be carried out yet we are not sure of this.

We do know that THE MINES CANNOT PRODUCE, THE RAILROADS CANNOT HAUL AND THE DEALERS CANNOT HANDLE nearly enough coal during the Fall and Winter months to take care of an ordinary Winter's demand.

This means that coal will have to be mined, transported and delivered during the Spring and Summer to avoid a serious shortage next Fall and Winter.

We advise our customers to take these facts into consideration and order a reasonable supply of coal now.

SLAUGHTER OF JEWS

Resolution Calling Upon President for Drastic Action, Adopted

The United States government yesterday demanded an end to the massacre of Jews in Europe. The Senate, by unanimous vote, deplored the slaughter of innocent men, women and children, and called President Wilson for action.

The State Department, before adoption of the Senate resolution, had dispatched another note to the Polish government, calling on it to desist from the terroristic tactics its citizens have employed against Jews. The American government proposed to stop further massacres and will take drastic means if necessary. One of the latter will be the refusal to grant offending nations either material or normal support, and material support these days can come only from America.

Senator Calder, of New York, was the author of the Senate resolution which was adopted without debate.

WOMAN KILLS SELF

Mrs. J. W. Donahoe Fires Bullet Into Her Side—Leaves Note to Son Explaining Act

Declaring that she was "tired of living," Mrs. J. W. Donahoe, forty-six years old, of Richmond, killed herself by firing a bullet from a revolver in her left side Sunday morning at 5:30 o'clock. She had locked herself in a room. Motive for the deed was contained in a note which the dead woman left for her son, Marshall Donahoe.

Hearing a shot, Lula Carter, a daughter of Mrs. Donahoe, investigated and found her mother in the bathroom in a dying condition. She removed her to a bedroom and summoned an ambulance. Mrs. Donahoe was dead, however, before the doctors arrived.

AUTO WORKERS GO BACK

Toledo Plant Reopens After Being Closed Two Weeks

Toledo, Ohio, May 27.—Returned soldiers, heavily armed, special police and city officials, headed by Mayor Schreiber, were on hand yesterday when the Willys-Overland and Electric Auto-Lite plants were reopened after being closed more than two weeks on account of labor trouble.

There was no disorder, as workers, estimated at 2000 in number, returned to their jobs between files of pickets, who heckled them.

BIGGEST TRIPLANE FALLS

One Killed and Several Hurt When Great Machine Crashes to Earth

London, May 27.—One man was killed and several were hurt when a giant Tarrant triplane, the largest in the world, was wrecked yesterday morning while taxiing for its first flight near Farnborough.

The machine dug its nose into the ground and turned over. It weighed 20 tons and was equipped with six engines.

Says Phosphates Make Beautiful Women and Strong . . Healthy, Vigorous, Robust Men.

Physicians all over the world are prescribing phosphates to build up run down enemic conditions and those who have treated their patients with Argo-Phosphate are changing thin, anemic women with toneless tissues flabby flesh, into the most beautiful rosy cheeked and plump round formed women imaginable.

Atlanta, Ga., Dr. Jacobson said in a recent interview that 90 per cent. of anemia comes from nervous breakdown which can only be corrected by supplying the necessary phosphate to the nervous system that is lacking in the food you eat, and this can be quickly supplied by taking one or two 5-grain Argo-Prosphate tablets after each meal, and at bed time. It will in many cases make a pale scrawney face the picture of health in a few days, I have seen women that I expected would have to be kept under treatment for months restored to perfect health in one or two weeks time.

SPECIAL NOTICE. The Argo-Phosphate recommended by Dr. F. H. Jacobson contains phosphates such as are prescribed by leading physicians throughout the world, and it will be found the most effective form for treating patients with Nervous Dyspepsia, Stomach troubles, Brain Fag, and Nervous Prostration. It will renew youthful vim and vigor, and build up the whole body. Argo Phosphate is dispensed by Richard Gibson and The Rexall Store. Free sample mailed by the Argo Laboratories, Atlanta, Ga.

SWEDEN PRESENTS CLAIM

Asks Entente To Hold Plebiscite On Aland Islands.

Paris, May 27.—The Swedish Government has issued a note on the question of the Aland Islands, lying between Sweden and Finland, at the entrance of the Gulf of Bothnia, in which the Peace Conference is asked that a plebiscite be taken on the islands as soon as possible to determine that nationality of the archipelago's inhabitants. The not, which was handed to the Peace Conference by the Swedish delegates at Paris reads as follows:

"The Royal Government feels that it must insist upon the conference taking into consideration as soon as possible the question of the rights of the population of the Aland Islands to decide by a plebiscite, carried out with the necessary guarantees, whether the archipelago is to belong to Sweden or to Finland.

"The Royal Government presumes that on account of the principles expressed at the Peace Conference Sweden will be allowed to take part in the discussion of this question. It is needless to add that the Royal Government greatly wishes that if the plebiscite gives the islands to Sweden measures will be taken to prevent the construction of military buildings in the archipelago, and also to prevent attacks on the archipelago by another power."

OPPOSES AUTONOMY

Former U. S. Official In Philippine Islands Says It Would be a Crime

Lynchburg, Va., May 27.—Capt. Fred L. Wilson, formerly treasurer of the Province of Moro, Philippine Islands, in a statement here says it would be a crime to give the Filipinos their freedom now. He said that about six well educated men run the Legislature and that these have kept the records of the Legislature free from many foolish things suggested by others less thoughtful members. This condition, he claims, has made the people appear to be able to govern themselves, whereas the mass of the people are illiterate.

Captain Wilson points out the need of banks and ships in the Orient, declaring that Americans should not wait for other nations to get those markets.

CALLS FOR DRY LAWS

Antisaloon League Wants Teeth Supplied Prohibition Amendment

Washington, May 27.—The Ontisaloon League Legislative Committee in a statement yesterday called on Congress to enact before July 1 laws to enfarce the war prohibition act and the Eighteenth amendment.

The statement charges that New York brewers, backed by an "alleged billion dollar fund," are trying to prevent the amendment from becoming operative. This, the league statement characterizes as an "insolent challenge to the loyalty and patriotism of the American people."

WAS OBLIGING JAILER

Brooklyn Official Smuggled Saws to Aid Prisoner's Escape

New York, May 27.—Harry J. Wagner, for four years a keeper in the Raymond street jail in Brooklyn, pleaded guilty in court to smuggling three steel hacksaws and a pair of pliers to a prisoner to aid him. He said he was to get $2500 if the man got away safely.

Wagner broke down when he was arraigned and said:

"Judge, I'm guilty. I don't know what made me to this, but I guess it was the $2500. That money looked pretty big to me."

The police said this is his third offense, and if he is convicted he may get 20 years in prison.

NEGROES SUSPECTED

After Row, on Virginia, Two Were Confined Below Near Spot Where Flames Started

The case of confinement of two negroes to the lower deck of the ill-fated steamer Virginia a few hours before the fire was discovered in her hold and which may have a bearing on the cause of the fire was told yesterday by a passenger of the boat.

According to this passenger a party of six negroes, three men and three women, boarded the steamer at Baltimore, During the early part of the trip they occupied the part of the saloon reserved for colored passengers. Shortly after the vessel entered the bay from Baltimore harbor a white soldier complained that he had been robbed of $10 by one of the women and an argument ensued between the three negro men and the soldier in which other white passengers took part.

This dispute was stopped by the ship's watchman, who ordered the white men from the colored section of the saloon. Soon afterward one of the negro women reported that she had been robbed by the same woman and trouble among the negroes was again opened and the party was ordered to staterooms.

In staterooms, which adjoined one of the rooms occupied by one of the negro women of the disorderly party was a negro physician and his wife. The noise in the next room annoyed the doctor's wife to such an extent that she complained to the captain and an investigation showed two of the negro men in the room with one woman. The two men were ordered by the master to be sent below and the ship's purser and the watchman took them to the lower deck.

The negroes protested against being deprived of the privilege of their rooms but made by threats. They were taken to the lowest deck and threatened with irons should they be found on the upper decks until the boat docked at Norfolk.

It is said that the negroes were confined to a portion of the vessel where the fire started.

Officials, however, deny there was any trouble on the boat on the night of the fire. They disclaimed knowledge of the row among the negroes.

MILITARY TERMS DRASTIC

Do Not Allow Germany Sufficient Troops, Says Montgelas

Berne, May 27.—Germany should refuse to sign the military and economic terms of the peace treaty, which are not acceptable, according to a statement made by General Count Max Montgelas, one of the German delegates at Versailles, to the correspondent of the Neueste-Nachrichten of Berlin and quoted in a Munich dispatch received here.

He says that the military terms do not allow Germany a sufficient number of troops to maintain order, the recent events in Berlin and Munich being cited as proof of this statement.

AUSTRIAN TREATY

Chancellor Fears Delay May Cause Disorders.

Basle, May 27.—Dr. Karl Renner, the Austrian Chancellor, made an appeal to Premier Clemenceau, president of the Peace Conference, on Saturday for the expenditing of the peace negotiations with Austria, according to the Vienna dispatch.

The Chancellor is declared to have pointed out that the delay was having a bad effect on the German Austrian population, causing fear that disorders might break out.

THREE MEET DEATH IN FIRE

Infantryman and Two Young Women perish in Flames Believed to be of Incendiary Origin

Corporal William B. Adams, of Company D, Sixty-second infantry, and Miss Elizabeth Burkett and Miss Grace Williams are dead as the result of a fire which destroyed the house in Hopewell Sunday morning, between 3 and 4 o'clock.

The blaze had gained such headway when the firemen arrived that all efforts to rescue the inmates proved futile. It is believed that the fire was of incendiary origin

Stimulate Retail Sales

ADVERTISE

U. S. Department of Labor

Never before has the American public had the money to spend which it has today.

The merchant or manufacturer who sits back and waits for this money to come to him without making any effort to get it will awaken when it is too late. He will then realize that his more aggressive competitor has been on the job and has taken advantage of the strongest sales weapon known to industry, namely, advertising.

Don't wait for things to come your way without doing anything to help them along.

Advertise—increase your advertising. use the newspapers to tell your story. Multiply the value of your sales talk a thousand fold and more. Develop that great potential market which is ready and willing—yes eager to buy the things you have to sell but does not know that you have them.

To stimulate business surely, quickly, and economically—Advertise now.

Richmond—Gladys Brockwell

Gladys Brockwell, the William Fox star, in the role of an honest crook, will appear at the Richmond Theatre today. The picture is "Pitfalls of a Big City," which is described as an intense and powerful drama of the underworld.

The scenes have been taken with great care, and many of the crooked alleys and dingy streets which appear on the screen are said to have witnessed real crimes.

"Pitfalls of a Big City," tells the story of a woman who regrets the life she has led and decides to reform. Due to her great strength of character, this woman is able to break with her old associates and carry out her plan. A pretty romance is woven into the story.

INGOMAR—Elsie Ferguson

Elsie Ferguson's new Artcraft photoplay, "Heart of the Wilds" at the Ingomar Theatre tonight, is filled with Indians, cowboys, Mounted Police and thrills aplenty. Thomas Meighan is leading man and the cast generally is one of supreme excellence. The heart interest of the story is manifested in every scene.

GRAND THEATRE

Terrible vengeance is wreaked by the scorned and outcast husband in "The King of Diamonds," the Vitagraph Blue Ribbon Feature, which will be seen in the Grand Theatre tonight. Drugged until he appears like a leper, the husband wanders all over the world until he learns of the deception and is cured. Returning, unrecognized, and with vast wealth, he finds his wife and the other man married.

Also a comedy will be shown.

RICH NEGRO DEAD

Left Million. Made Through Manufacture of Article to Take Kinks Out of Hair.

New York, May 27.—"Madam" Walker a negro woman little known to white folks but famous among the people of her own race, died Sunday in her country house at Irvington-on-Hudson.

Her only child, Lelia Robinson, was on her way to South America when Madam Walker's business representative, F. B. Ransom, reached her at Panama by cable, and the daughter is now on her way to New York.

The woman who lies dead in her country house at Irvington was the richest negro woman in America, in all probability. By her own shrewdness and energy she accumulated a fortune of more than $1,000,000 through the manufacture of a preparation for removing the kinks from negroes' hair. The fortune may be a great deal more, indeed, for even her lawyer and her business representative do not know exactly how much she had.

In addition to a town house at 108 West One Hundred and Thirty-sixth street, which cost her $150,000, and the country place at Irvington, for which she paid $250,000, she owned a factory in Indianapolis, Ind., employing 300 persons; real estate in several large cities and a list of securities whose value has not been appraised.

EX-SOLDIERS IN NEAR-RIOT

Thousands, Marching on Parliament And Demanding Work, Dispersed.

London, May 27.—Thousands of discharged soldiers and sailors out of employment, armed with stones and other missiles, marched toward the House of Commons yesterday. They came into conflict with the police barring the approaches, however, and were scattered.

Later the procession was reformed and marched toward Buckingham Palace, but the demonstrations broke up before it reached the palace. There were no further disorders.

The demonstration followed a big meeting held during the afternoon in Hyde Park, where the discharged soldiers and sailors demanded work and a minimum wage scale. Similar demonstrations were held throughout the country during the day.

AS YOUNG AS YOUR KIDNEYS

The secret of youth is ELIMINATION OF POISONS from your body. This done, you can live to be a hundred and enjoy the good things of life with as much "pep" as you did when in the springtime of youth. Keep your body in good condition, that's the secret.

Watch the kidneys. They filter and purify the blood, all of which blood passes through them once every three minutes. Keep them clean and in proper working condition and you have nothing to fear. Drive the poisonous wastes and deadly uric acid accumulations from your system. Take GOLD MEDAL Haarlem Oil Capsules and you will always be in good condition. You will feel strong and vigorous, with steady nerves and elastic muscles. GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories at Haarlem, Holland.

They are a reliable remedy which has been used by the sturdy Dutch for over 200 years, and has helped them to develop into one of the strongest and hearthiest races of the world. Get them from your druggist. Do not take a substitute. In sealed packages—three sizes.

HIGHEST PAID FLIER

Hawker Received $100,000 A Year As A Test Pilot for Sopwiths, It Is Said.

Harry G. Hawker went to England from Australia several years ago and as a mechanic entered the employ of the Sopwith Company. On October 4, 1912, flying a Sopwith biplane designed after the pattern of the American right biplane, he flew continuously for 8 hours and 43 minutes, establishing a new duration record, and won the British Michelin trophy for that year.

A year later, flying a Sopwith with a Gnome motor, he established a new British altitude record of 12,900 feet. On the same day he carried aloft two passengers to a height of 10,6000 feet. In 1913 and 1914 he made attempts in a sopwith to win the Rally Mail prize of $25,000 for a flight around Great Britain. The first time he had to descend near Yarmouth because of illness, and in 1914 he met with an accident near Dublin. During the war he was an experimental flier assisting in the development of the Sopwith plane.

As a test pilot it was his duty to take up battleplanes for their final tryout before they were received by the Government. He received $125 for each flight, and it was not unusual for him to put 12 planes through their paces in one day. For the last three years he is said to have been the highest paid airman in the world, his fees being said to pass $100,000 a year.

Hawker is 31 years old. He has a country home at Kingston-on-Thames. He has a wife and daughter.

Commander Mackenzie Grieve is 28 years old. He is a wireless expert and meteorologist as well as an experienced flier. At one period during the war he commanded the Campania, which was the mother ship of the air squadron with the Grand Fleet.—N. Y. Times.

TO FACE MURDER

Charleston, W. Va., May 27.—John Hammack, charged at Yayne Court House with the murder of Samuel Allison, a wealthy cattle buyer of Staunton, Va., has been indicted by the grand jury and his trial has been set for the August term of court is the information received here yesterday by local relatives of the murdered man whom he visited the afternoon of the day he was killed.

The murder of Allison created a sensation because of the conditions surrounding his death and the mysterious way in which it was accomplished. He was touring the southern counties of the State to buy cattle and had stopped at Kenova. The following day the badly-mutilated body of a well-dressed stranger was found lying in a vacant lot on a side street. Money and jewelry were gone and there were no papers to show who he might be. Several days later a Huntington woman, a niece, identified the remains and within a few hours Hammack, who had been seen with Allison was placed under arrest and it is said that a strong circumstantial case has been woven about him.

Smooth Sailing

For him who garbs himself in our nobby summer raiment. Serges, flannels, mixtures, invisible plaids—all the finer fabrics hand tailored to that perfection that challenges the custom made. The prices also will appeal to you by their moderation. We have just received a fine line of boys clothes in all the latest models.

Plain and Printed Voiles
Radiant in Mid Summer Loveliness

Printed Voiles that look as though Mme. Fashion had gone Maying and gathered up all the wee field flowers and scattered them over dark and light colored grounds in regular patterns to make new voile designs, then changing her mind with a sudden caprice she has created new checked effects in medium colors, and other large patterns that keep pace with the new fancies in the more expensive printed Georgettes and chiffons, until it appears that "where one pattern grew before, there are a dozn new ones now."

We cannot describe them, and we could not make you SEE them as we want you to see them if we did. There is quite a bewildering display of them on the street floor—not another such collection this side of New York, and most of these designs are exclusive with us. Among the best assortments are those at
